**Dear Dr. Aryan,**

**Thank you so much to Dr. Aryan and his team for giving me my life back.**

**I had 3 previous lumbar spinal fusion surgeries from renowned Brigham & Women's Hospital in Boston, Mass.**

**I was still having debilitating pain, increasing my pain meds, and was basically bedridden.**

**Nothing seemed to help my pain and each doctor I saw was unable or unwilling to help.**

**Dr. Aryan performed revision lumbar spinal surgery on April 1, 2008. Now, I am doing great, walking straighter and have my life back. The surgery has totally changed me; friends and family say I am smiling more than I have in years.**

**Thank you,**
